

Computer Repair/Replacement Fee Schedule

The Manitowoc Public School District has provided each student with a computer to use for educational purposes. In addition, the District provides each student with the opportunity to purchase computer insurance for a fee of \$40. The \$40 covers the computer for up to 4 years. The insurance must be purchased at the time the student picks up their computer from the district for the first time. It is strongly recommended that students label their computers and the power cords with their names as insurance **does not cover** any lost or stolen computers or power cords. Any lost or stolen computers will be charged to the student as outlined below.

<u>Years of Operation</u>	<u>Replacement Cost</u>
1	\$320.00
2	\$255.00
3	\$190.00
4	\$120.00
After 4	\$60.00

There will be no fee charged to a student whose computer is less than 24 hours old and has been found to have a manufacturer defect such as a broken cord, broken screen, defective keyboard, or software issues that cannot be fixed by our technology helpers. These problems must be reported immediately (within 24 hours of receiving the computer) to the school office or library media specialist in order for any repair or replacement fee to be waived.

Please refer to the chart below for repairs or replacements costs. For students with insurance, there is a maximum charge of \$50 per incident.
